Lounging in a stylish pair of dungarees or stepping out with a simple banjo and straw hat, Fuzzy Lumpkins' image screams 'rugged loner' and most importantly, it's a natural look. So work it Fuzzy, you're the bomb.

Why not dye your body hair pink, and pile on those pounds with a diet of Corn Dogs and roast wildlife?

To capture his look, think Hillbilly with attitude. Match Straw hats and Braces with well-worn denim to give your new image a farm-yard feel.

Why not insult a few people in a deep-south accent? It's a great party piece! Complete the new you with a frosty scowl and a pair of those deely bopper acces-sories that Fuzzy wears so well on his head. Get offa mah laynd? He's sooo this season!

CATCH OF THE DAY

The Kanker Sisters' guide to getting your man

Learn to catch your man the Kanker Sisters' Way. May, Lee and Marie share their top tips for landing your lad in this step-by step guide to getting your man. A must for all girls...

** and a huge warning to the male population.*

You don't need a lot of extras to trap your guy. Make the most of what you've already got to make sure that once you've set your sights on a fella, he can't ever, ever get away...

EYES - Eagle-eyes to spot your guy as he tries to hide. Once you have found him, fluttering your eyelids will make you irresistible to him.

LIPSTICK – Fresh lipstick to mark your fella with a big smoochy kiss-shaped mark on the cheek to brand him as your own once you catch him.

HANDS – Useful for giving coy little waves, making booby traps or delivering a knockout punch. Nail polish optional.

SHOES - Fast running shoes will ensure you can catch him, no matter how fast or far he tries to run.

Pretend to need help

(Even if you don't)

Carrying books, with your bike, whatever. Look shy and helpless then, once they've come within arm's reach, use your favourite wrestling or karate moves to tame them.

But girls - you have more to your armoury than your good looks and feminine wiles. These methods may take a little more time and preparation, but they are worth it – take our word for it...

Booby traps

Booby traps are still one of the best ways of catching your man. Camouflaged pits, spring loaded rope snares and pressure activated cage drops are tried and tested methods.

Party Invitations

Party Invitations. Boys may not like the idea of a girl's party, but the lure of free food and the idea that they might be missing out is a powerful draw. Once they've arrived, lock the doors so they can't leave and they're yours!

Daytime TV talk show

Daytime TV talk show. They'll be flattered into appearing on TV until the host reveals why they are there. "He loves his jawbreaker more than Me!" or "He spends more time with his friends than me!" The audience will be on your side and once they're tricked into apologising on national telly - you've got them for good.

What to do with your guy once you've got him?

Anything you want. Once we have them in our trailer park and at our mercy we favour tying them up and giving them makeovers and new hairstyles. Or you can marry them and wash their dishes. It's up to you.

mojo jojo's BRAIN

LIGHT RELIEF

Ed? Scared of the dark? You betcha. Can you help him overcome his fear by identifying who he's looking at?

CREATURE CREATION

Dexter has delicately spliced-together the DNA of seven types of animal to create a brand new breed. Clever huh? Can you help our diminutive genius jot down all the animal types used, in the crossword of beasts?
